ADDRESS CORRECTION REQUESTED

The University of Georgia and Ft. Valley State University, the U.S. Department of Agriculture and counties of the state cooperating, UGA Extension, offer educational programs, assistance and materials to all people without regard to race, color national origin, age, gender or disability.

The University of Georgia is committed to principles of equal opportunity and affirmative action

“CERTIFIED SEED DOESN’T COST ... IT PAYS”

HERE’S WHY:

- Known performance of varieties adapted to your area.
- A pedigree record that begins with the release of breeder seed and continues until it reaches the consumer as certified (blue tag) seed.
- Field inspected for trueness to variety and inseparable from other crop and weed seed.
- Certified seed can only be conditioned in an approved facility.
- Certified seed must meet High Quality standards as to germination and purity.
- Free of noxious weeds.

The planting of CERTIFIED SEED eliminates many of the risks associated with crop production. For sources of Certified seed, contact your local county Extension agent or the Georgia Crop Improvement Association, Inc. (706-542-2351)
